

**Karen P. Menge, ASID**  
Pulliam-Morris Interiors

I've been a partner at Pulliam-Morris for more than 30 years, as well as a professional member of the American Society of Interior Designers. My primary focus is on residential design, but I have done commercial projects also. I go all over the place; recent projects have been in Atlanta, Charleston, Lake Keowee, and Georgetown.

The very best approach is to be on a team with architects and builders, to plan a project from beginning to end. ■
